VOCUS Reports Record Half Year Revenue and Profit

VOCUS Communications Limited (ASX: VOC), a leading Australian provider of Internet, Fibre and Data Centre services, today announced its results for the half year to 31 December 2011.

Revenue for the first half of FY2012 was \$21.9m, up 57% from \$13.9m in the previous corresponding period.

Underlying Earnings Before Interest, Tax, Depreciation and Amortization (EBITDA) which exclude foreign exchange gains and losses was \$7.6 million, up 63% from \$4.6 million. Underlying NPAT for the half year period was \$4.0 million up 66% from \$2.4 million.

The results show the company transforming from a niche provider of wholesale Internet into a core provider of infrastructure based telecommunications services.

James Spenceley, CEO of Vocus said "The underlying results reflect our positioning as an integrated provider of infrastructure based telecommunications services. Vocus continues to expand our products and network at this exciting period in the Australian telecommunications Industry."
