

# Business SIP

## Critical Information Summary

### Service & Price Information

#### Service Description

Business SIP services are basic phone lines, or channels, connected via the Internet, also known as VoIP or IP Telephony. They are generally used to connect SIP capable phone systems or gateway devices to the telephone network. You can transfer your existing Office Phone service or activate a new service with Vocus. Premise based equipment is generally required to access the service.

A minimum of 2 SIP channels are required per account and single channels can be purchased after the minimum at the same rate. Business SIP services are not available for resale or high-volume telemarketing.

Vocus is responsible in supplying these services to our customers and we have no other affiliation or relationship with our wholesalers outside of our wholesale agreements.

#### Minimum Contract Term

1, 24, 36 and 60 months.

Service Exit Costs apply if you cancel a service within a Minimum Contract Term of 24 months or higher. Service Exit Costs are calculated as \$90 plus the sum of any Term Discounts you may have received during the Minimum Contract Term (see 'Discounts') from the contract start date until the cancellation date of the service. You will also be charged the sum of any remaining hardware monthly repayments associated with the cancelled service.

#### Pricing

| Business SIP Plans – Minimum Contract Term            | 1 Month                                            | 24 Months | 36 Months | 60 Months |
|-------------------------------------------------------|----------------------------------------------------|-----------|-----------|-----------|
| Minimum Requirement of Channels (per account)         | 2 channels                                         |           |           |           |
| Prepaid Monthly Access Fee (per channel) <sup>1</sup> | \$40                                               | \$38      | \$35      | \$30      |
| Minimum Total Cost <sup>2</sup>                       | \$80                                               | \$1,824   | \$2,520   | \$3,600   |
| Standard Local, National & Mobile Calls <sup>3</sup>  | Unlimited                                          |           |           |           |
| 13/1300 Calls <sup>4</sup>                            | \$0.44 per call                                    |           |           |           |
| International Calls                                   | Call 132777 for a full list of international rates |           |           |           |

| Smart Extras & Group Features | Monthly Charge                                       |
|-------------------------------|------------------------------------------------------|
| Enhanced SIP User             | \$5 per service                                      |
| Fax2Email                     | \$8 per service (requires Enhanced SIP User)         |
| Hunt Group                    | \$8 per service (1 provided free)                    |
| Enhanced Hunt Group           | \$3 per service (requires Hunt Group)                |
| Auto Receptionist             | \$10 per service (1 provided free)                   |
| Cloud Q                       | \$10 per service (includes access for first 2 users) |
| Cloud Q Access                | \$5 per user                                         |
| 10 Number Range               | \$16 per range                                       |
| 50 Number Range               | \$22 per range                                       |
| 100 Number Range              | \$33 per range                                       |

<sup>1</sup> Monthly Access Fees are charged one month in advance and include Term Discounts.

<sup>2</sup> Minimum Total Costs are calculated as the monthly access fees of 2 channels multiplied by the minimum contract term & may vary depending on the mix of contract terms per channel. Excludes hardware costs.

<sup>3</sup> Standard Local, National & Mobile Calls are calls generated whilst in Australia to numbers within Australia (unless stated otherwise). Charges apply for calls to 13/1300 numbers & international calls.

<sup>4</sup> 13/1300 calls are charged per call & include SecuriDial 8 digit 13 calls. For all other charges, see our Schedule of Fees & Charges [www.vocus.com.au/help-and-support/legal-contracts](http://www.vocus.com.au/help-and-support/legal-contracts)

#### Discounts

A Term Discount applies on the Monthly Access Fees of eligible Business SIP Plans when you sign up to a 24-month Minimum Contract Term or higher. Vocus reserves the right to withdraw this discount at any time after the initial minimum contract term expires.

## Bundling Arrangements

When you bundle a Business One Mobile plan with a Business Connect plan on the same account for a minimum term of 12 or 24 months, you will receive a monthly \$5 Mobile Bundle Discount on each Business One Mobile service (max. of 50 mobile services per customer applies).

## Hardware

Vocus provides a range of handsets and other hardware that can be purchased separately via various payment options, including outright or monthly repayments. Contact us on 132 777 for more information.

# Other Information

## Service Availability

Services may not be available to all areas, premises, or customers. If we are unable to connect all requested services, we'll attempt to contact you to discuss your options first or, if we can't contact you after making reasonable attempts, we will cancel your order.

An Internet service with a minimum of 100/100 Kbps per concurrent call is required for a Business SIP service.

You must inform us if the service is intended to be used in conjunction with a disability or medical service, back to base alarm or is intended to carry data services such as Fax, EFTPOS or HiCaps. These services may not be supported or may require an alternative service or additional equipment.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Vocus to unblock these destinations, upon accepting full responsibility for payment for any calls your service makes to these destinations.

If you use this service in conjunction with a Vocus Business Modem and Internet service on the same account, our 4G Backup feature is enabled free of charge. 4G Backup enables you to make and receive calls over the mobile network, in the event of a service interruption or network outage on your primary Vocus Internet service.

This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure. Vocus does not offer Priority Assistance.

In the event of a power outage, your Business SIP services will not work unless you maintain a back-up battery solution.

## Hardware Installation Requirements

If you have purchased Vocus equipment to use with your Business SIP services, installation by an authorised technician is required and can be organised as part of your order for an additional charge.

You are responsible for any additional charges for work that may be identified during hardware installation and is required to allow the services to work. These charges may include cabling, network configuration, routers and/or switches etc. within your network.

## Plan Changes

You may change a user's service to a lower or higher plan within the Business SIP plan family at any time during your minimum contract term, without penalty fees.

## Usage Information

For information about current usage levels, log in to "My Account" at [takecommand.com.au](https://takecommand.com.au).

## Payment Options

Payment by Direct Debit from a bank account does not incur additional fees or charges. Additional charges apply for other payment methods. For details, see your invoice and our Schedule of Fees & Charges on our website [vocus.com.au/help-and-support/legal-contracts](https://vocus.com.au/help-and-support/legal-contracts) or contact us at 132 777.

## Contact Details

We are dedicated to excellence in servicing our customers and have lots of ways for you to keep in touch:

- Online at [takecommand.com.au](https://takecommand.com.au)
- Email us at [smb.customerservice@vocus.com.au](mailto:smb.customerservice@vocus.com.au)
- Call us on 132 777

## Complaint Handling

If, for some reason, you are not satisfied with the service we provide, please let us know so we can do our best to fix it. If you feel that we were unable to resolve your issue to your satisfaction, please visit call 132 777 or email [smb.customerservice@vocus.com.au](mailto:smb.customerservice@vocus.com.au)

If you are still not satisfied with the steps taken by Vocus to resolve your issue, you can seek assistance from the Telecommunications Industry Ombudsman (TIO).

The TIO will only investigate complaints if you have already attempted to resolve your issue with Vocus, and is an option of last resort. Contact the TIO by visiting [tio.com.au](https://tio.com.au) or by calling 1800 062 058.

## Full Terms

Vocus's Standard Form of Agreement & Acceptable Use Policy set out the terms & conditions on which we provide our products & services. See [vocus.com.au/help-and-support/legal-contracts](https://vocus.com.au/help-and-support/legal-contracts).

## Online Safety

The eSafety Commissioner provides a range of educational material about staying safe online: [esafety.gov.au/](https://esafety.gov.au/).

A range of certified Family Friendly Filters can be found on the Communications Alliance website:

[commsalliance.com.au/Activities/ispi/fff](https://commsalliance.com.au/Activities/ispi/fff).

**Thank You for Choosing Vocus for Your Business Communications.**
